

Nature to Nurture Project Update

Friends of Fairfield have spent this half term working on ideas for the Nature to Nurture project. Soon we hope to have a greenhouse made from plastic bottles onsite and are excited for the opportunity to create an outdoor wellbeing/chillout zone for everyone to enjoy. This will transform the old school entrance (pictured), which will give this currently unused and unloved space a new lease of life.

We have some great design ideas and have put together a list of specific items we need, which is attached to this newsletter. We're asking everyone to have a look around their sheds/garages/gardens to see if you might be able to donate to this great cause. Equally, it could be that your business, hobby or trade that could help us out – we'd love to hear from you!

Get in touch with your donations or wisdom at friendsoffairfield@fairfield.sch.notts.uk

A space for the pupils to reconnect and relax outdoors

Friends of Fairfield have the ambition to achieve great things for our young people. We are committed to sustainability, building connections with parents and the local community, whilst enhancing the pupil experience for all. We'd love to have the wellbeing/sensory space ready to use for the coming warmer months and have some items which are needed as soon as the Easter holidays to start the project off.

Can you help? If you can provide any of the following items, every little will help and together we can make a big positive impact for our children during these tough times. **Contact the team with your donation or kind offer at friendsoffairfield@fairfield.notts.sch.uk or contact Friends of Fairfield via Dojo.** Alternatively, if you would like to support in another way we have a **justgiving page (<http://rb.gy/i4mtht>)** for any donations towards the Nature to Nurture Project. Thank you!

*New/Excellent quality items only please
