

Let your talent SHINE...

Extra-curricular Booklet

How will clubs work at Fairfield?

At Fairfield we have a passion for developing talents and interests in our children. From their very first years at school, we want children to explore hobbies and find skills that they really excel at.

Over recent times it has been difficult to offer these experiences but we are ready to continue our quest to support our children to develop outside of the classroom.

For the next 6 weeks (beginning on Tuesday 4th May) children have the opportunity to attend clubs that run in their year group bubbles at lunchtime. Take a look at this booklet to see what clubs are running for your year group (indicated by the blue banner above each club).

How do I join a club?

It's easy - Just take a look at when and where your year group club is taking place and turn up on the day.

Early Years (Reception)
